## Your Office, Your Way: Flexible Office Options From Preferred Office Network

As one of the most flexible networks of office space providers in North America, [Preferred Office Network](#) recognizes that office space needs are not a one size fits all approach. Now more than ever, companies want custom solutions, and Preferred is here to deliver.

The 550+ Preferred business center locations offer an ideal mix of:

- Private Offices - interior or exterior offices, fully furnished for one occupant
- Team Offices - interior or exterior offices, fully furnished for several occupants
- Coworking Space - open floor plan with desks and workstations in a shared workspace environment
- Meeting Space - large and small conference rooms with all the technology needed to run a great meeting.
- Training Rooms - large space designed for corporate training

- Event Space - space to network and entertain, host a company event or party
- Spec Space - large, pre-built space suitable for larger businesses that want to build out an area for their team

Our recent [partnership with LExC](#) has allowed us to add additional coworking centers to our portfolio of workspace options while giving our clients even greater confidence they are selecting business centers they can be proud to work from.

As long-time and involved members of the [Global Workspace Association](#) (GWA), we're able to gain valuable industry insights and knowledge to better educate our clients and members on flexible office best practices, tips, and trends, delivering solutions that have our clients' best interests in mind and keep them coming back to Preferred as a valuable partner in their corporate real estate transaction process.

If you'd like to learn more about the types of office space available within Preferred's business center offerings, please [contact us](#) at [info@preferredofficenetwork.com](mailto:info@preferredofficenetwork.com) or 855-4NOTERM.

## New Instagram Feed

Join us on Instagram! Preferred Office Network's brand new [Instagram](#) feed just launched and we'd be honored if you followed us (we'll follow back)!
