Industry News

[What Is The Future of Work?](#)

The new realities created by these forces of change present us with complex questions to consider—including ethics around human-machine collaboration, how we plan for 50–60-year careers, and how we unleash organizations through a continuum of talent sources.

[Flexible Workspace: Unlocking Benefits and Overcoming Obstacles](#)

The way people work is changing. That comes as no surprise to tech decision makers who have seen their organizations migrate away from traditional heads-down workspaces situated around an imposing conference room. They've supported their employees by transitioning to a more collaborative workspace environment with huddle spaces and content-sharing technology.

[How Flexible Workspace Can Tackle Loneliness In The Office](#)

In a flexible workspace, employees can work from different areas based on the type of work, instead of remaining anchored to their desks.

Blog Post: Business Services and Shared Office Space

One of the many benefits of working from a shared office space is the on-site business services that are available. Services like mail receiving and forwarding, phone answering and call forwarding, reception services, cleaning services, IT management, parking, shuttle services, catering and more provide many advantages to your business that may not be available within a traditional office space building – many times you will have to set up these services yourself and pay an additional cost to use them...[Read More](#)

[Preferred Office Network](#) is dedicated to serving clients with office needs in multiple markets to quickly establish new locations with a single master lease agreement, dedicated account management, and one monthly, consolidated invoice. Users can terminate their lease agreement simply by providing a 60-day notice.

Via our network of 650+ business centers in North America and our international partners abroad, we strategize with growing corporate clients to navigate all aspects of their real estate portfolio. We work with clients with both short-term and long-term office needs, at no cost to the client. Product offerings include, office space, coworking, team rooms, meeting space, virtual offices and home office support solutions. We are also registered with SAM.gov, allowing us to do business with the U.S. government.

Fortune 1000 clients across the country have trusted Preferred Office Network for their office space needs.
